Teachers of grades prekindergarten through 12 in Illinois, including home-schooling teachers, may apply to the Illinois Department of Natural Resources (IDNR) through the ENTICE (Environment and Nature Training Institute for Conservation Education) program to receive funding for natural resources-related field trips. Funding priority is given to single-day, outdoor field trips.

### INSTRUCTIONS: 2017 Application Requirements and Information

- Grants are only available to teachers of grades prekindergarten through 12 in Illinois schools and home-schooling teachers in Illinois and are awarded for the purpose of studying some aspect of Illinois' biodiversity. "Biodiversity" refers to the variety of life in an area. The field trip should support Illinois natural resources topics currently being taught in the applicant's curriculum. The field trip site must be in Illinois.
- Items eligible for funding include transportation and compensation for substitute teachers for those teachers who are participating in the field trip. Admission fees and guest speaker costs directly related to the field trip will be considered only if ample funds are available. Judges have the right to partially fund requests.
- There is a \$500 limit per teacher. Multiple teachers within the same school can collaborate on a field trip. The collaborating teachers must attend the same field trip on the same day. If you have questions about eligibility, please contact the IDNR Division of Education (see contact information below) before submitting your application. NOTE: In order to qualify for the \$500 maximum per teacher in a collaborative field trip, each teacher must be accompanying his or her own students. **Bus transportation costs for collaborative field trips may not exceed \$1,000.00 regardless of the number of participating teachers.**
- Priority is given to single-day, outdoor field trips. If you are applying for several field trips, each trip must be represented by its own application. The number of grants awarded is based on available funding.
- One grant distribution period is held per year. **APPLICATIONS MUST BE POSTMARKED BY JANUARY 31, 2017.** Applications are reviewed by a committee and notification will be made no sooner than six weeks after the application deadline. No reimbursement will be made for field trips occurring prior to grant award notification. Funds must be applied to a field trip before December 31, 2017.
